Dear Garrison,

I am sorry to trouble you, but you did not return all of my letter of June 14 to Mr. Smith. Page 11 and onward (I know not exactly how much) is missing. Pray don't lose the sheet, but hunt it up at once and send it, while yet there may be a chance of recovering it.

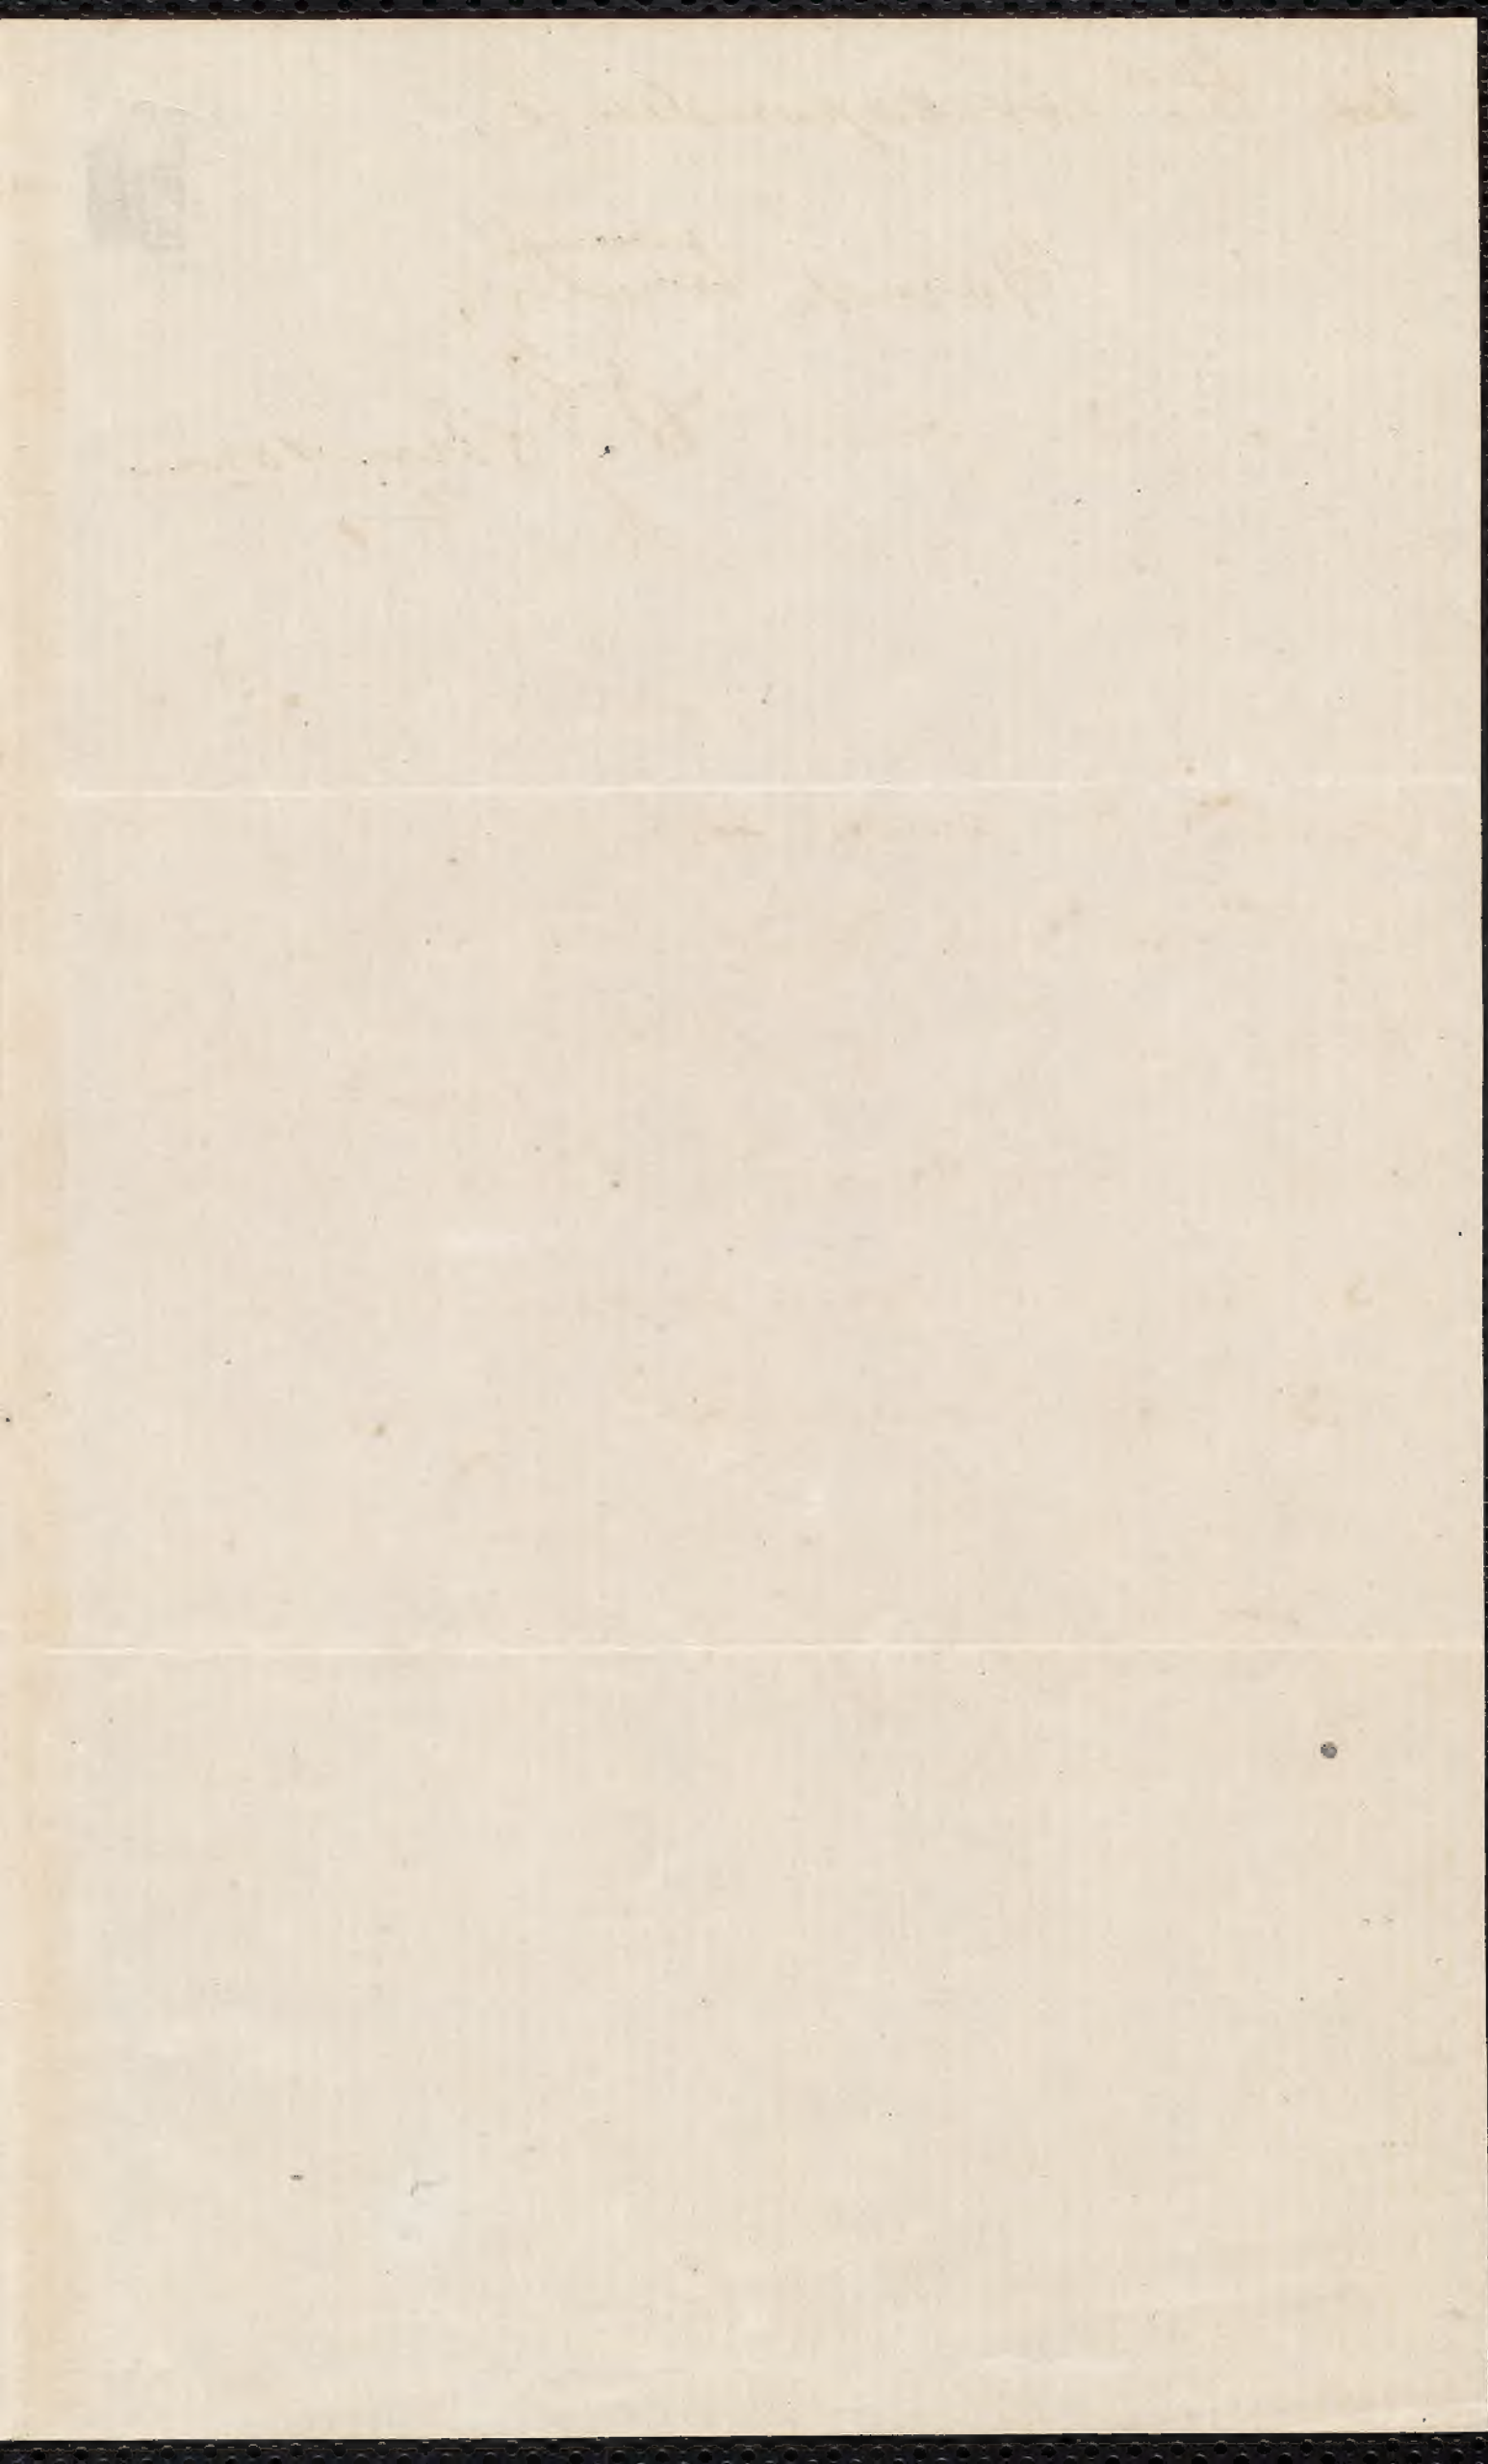

I don't know but the whole thing was a bore to you, but as your name was involved so prominently by Mr. Smith I thought it right that you should

see the correspondence.

Yours, truly,

Wm. Johnson
